APPLICANTS' SUMMARY OF TELEPHONE INTERVIEW

On October 15, 2009, Applicants' representative had a telephone interview with Examiner Gebreyesus. The 35 U.S.C. § 112, first paragraph rejections were discussed, and Applicants noted that the % sequence identity was amended to recite 95% and the organism was amended to recite a prokaryotic organism. Applicants agreed to amend claim 40 and 41 to depend from claim 1 or cancel these claims. Applicants explained that there are other methods for distinguishing between the presence of lactic acid and 3-HP in a sample, and that the methods provided in the application are merely exemplary.

Respectfully submitted,
